

EMERALD BUILT ENVIRONMENTS

Achieve ESG Goals with Emerald as Your Trusted Advisor to Guide Your Strategy, Reporting, and Performance Improvement

At Emerald, we're here to support you at any stage of your journey, whether you're just beginning or far along on your ESG path. Our expertise allows us to address your business's unique ESG challenges, providing tailored solutions and delivering valuable insights. We excel at providing meaningful data and strategies through curated engagements that align precisely with your sustainability objectives.

SET GOALS

With the Emerald Sustainability Roadmap Service:

Your Sustainability Roadmap is a distinct set of consulting and engagement activities that culminate in a plan to guide you to a sustainable future. A Sustainability Roadmap gives you an opportunity to engage your employees and stakeholders in creating a vision and plan for how your company can improve performance and create healthy spaces for your people. Through a Sustainability Roadmap engagement, Emerald will review your current initiatives, engage your stakeholders, and uncover opportunities to improve performance.

MEET GOALS

With these Sustainability Reports & Building Certifications

- GHG Benchmark Report
- Annual GHG Report Updates
- Building Lifecycle Analysis
- Scope 3 Materiality Assessment
- Sustainable PR / Marketing Content / Education

We Are Your Team

Emerald Built Environments is a leading consulting firm that provides services at the intersection of sustainability, business, and the built environment. Our expertise comes from a unique combination of engineering and sustainability. We bring a realistic approach to building certifications, greenhouse gas emissions reporting, net zero initiatives, engineering, and building science. Through unparalleled experience and knowledge, our team creates meaningful change by crafting solutions that benefit people, improve environmental impact, and ensure long-term financial success.
